The Orpheum.

The second large house greeted Mr Hogan and his company last evening at the Orpheum. The performance went with more snap and a great smoother than on Monday night. Hogan, Mr. Livers, Mr. Chenault, Mr. Saulsbury and Miss Bradley repeated their successes of the previous even-

Miss Moss sang "Answer" and "Old Kentuck Home" with her usual good taste and was compelled to respond to the encore that she tried to avoid.
Miss Carrie Carter has a chic manner that has won for her much favor and continues to attract her allotment of the appreciation. The duct between Miss Carter and Mr. Chenault is very

pretty and nicely done.

The "Bulletin" reporter of Miss
Ringgold is filled with the life and go that characterizes this little work. Mr. Hogan's style of singing while always amusing is decidedly clever. The way he sings "Enjoy Yourselves," to slightly misquote one of his lines, is just like others sing it only it is so different. The ensemble work and stage business is excellent. The dances tasty and neat, the singing good and the groupings pretty. If you don't see this bill you are missing a

More Post Mortems.

▲ very peculiar circumstance has been brought to light recently by Dr. Wood in his efforts to learn the exact causes of "unattended" death in cases dated from the time the plague brok out.

Death certificates of the most unsatisfactory nature have been found. In cases where patients have died unattended it is customary to hold a po mortem. In many cases of this kind simply outward examinations In one case the attending physician stated that death was caused by stomach troubles; this was unsatis-factory and he was asked to make it more definite, he then stated that the cause of death was apoplexy. Seeing no connection between simple stomach trouble and apoplexy a post mortem was held and the real cause of death was found to be typhoid malarial fe-

This, Dr. Wood stated, was danger-ous to the community in which the deaths occurred. It was argued by the Board that all cases where a physician had not been in attendance that the Board should see that a thorough post mortem take place under the supervision of the Board.

SIMPLICITY OF SCIENCE.

Science is always simple. It's only quackery that juggles with jargon. Medical treatment of the past dealt with "simples," the pure vegetable remedies provided by nature. Sagwa is compounded of simples. It is pure ly vegetable. It is scientific, because it is based on the known curative properties of the herbs, roots, barks and GROCERY AND FRESH FRUITS always on hand. FRESH PINEAPHLES for special order, and CALIFORNIA builder known. Ninety per cent of FRUITS by every steamer and also ISL-AND BUTTER. Delivery Free. Tel. 363 and proper use of Sagwa. It expels from the blood all corrupting and corroding elements and builds up a new body with new blood. There is no substitute for Kickapoo Indian Sagwa. Hobron Drug Co., agents for the Kickapoo Indian Remedies.

Islands Want Provisions.

At the meeting of the Board of Health yesterday a number of com-plaints were made and discussed. The complaints were to the effect that people of some of the other islands had exhausted their supplies of flour, cereals and canned provisions.

Before reading the complaints Presi-

Before reading the complaints President Wood stated that the merchants were shunning the use of quarantine wharf. If this wharf and the regulations for the use of it were in the future ignored the Board would necestary and the results of the state of t

sarily restrict certain shipments.

It was agreed by the Board that all foodstuffs that could be fumigated without injury could be shipped to all other islands.

A City Morgue.

It was decided by the Board of Health at yesterday's meeting to ask the Council of State for appropriations and to place before that body plans and specifications for a city morgue. Dr. Emerson, who has done considerable post mortem examining stated that in certain instances operations had to be done under very inconvenient circumstances, dangerous to the health of the general public, all for the want of a suitable morgue. This matter will be presented to the Council of State at the earliest time possible.
